## The Right Royal Ride

**The Ride of your Life**

Giving a new spin to one's usual cycle ride, The Kensington & Chelsea Foundation will be hosting 'The Right Royal Ride' – a cycling event to raise money for local mental health and wellbeing charities. The ride is open to all ages and abilities and will start and end in Holland Park. What better way to motivate you into doing some much-needed exercise before the arrival of summer?

25 April from 10am, race begins at 11am  
Holland Park, W8

### Fine Art

At the Osborne Studio Gallery, a specialist handler of figurative painters will now exhibit four new pieces by Norman Long. The selection on show will depict moments of city life that compel viewers to delve deep into the subjects of his work and consider their perpetual longing for connection. Although the larger pieces are painted in the studio, smaller pieces are painted on site in order to capture his immediate response to a setting in its purest form. Long is an award-winning artist whose work has attracted discerning collectors from around the world.
